NEWS NOTES FROM THE GARDEN ISLE

The following news items are from the Garden Island for July, copies of which have just reached Honolulu:

The ping-pong craze has reached its height in Lihue.

Miss Helen Glavin is spending her vacation with her sister, Mrs. W. H. Rice Jr.

Wm. Thompson of Messrs. T. H. Davies & Co., and his wife are the guests of Mr. and Mrs. Lucas.

Miss Hardwicke of Lihue is in Honolulu. She is pending a part of her vacation with Mrs. J. F. Humburg.

W. H. Rice Jr. has taken contract with the United States Government in the delivery of mail over the Garden Island.

Manager Ewart of Kilauea plantation has tendered his resignation. He is going to leave there in the course of a month or so.

Mr. Hills of Lihue Soda Water and Electric Power Works was laid up for a fortnight with a slight case of typhoid fever.

The new social hall of Lihue is in the course of building and will be completed within a month or so, when a big dance will be given there. Much credit is due to the young men who promoted it.

The engagement of Dr. K. Yanagihara, the popular Japanese physician of Kailiwal, to Miss Mary Yoshiko of Kapaa is announced. Miss Yoshiko, as she is well known, is a graduate of Honolulu Normal School.

Mr. Palmer of the Road Board, who is now superintending the work of the new road between Waialua and Hanalei, says that his men are excavating many skeletons every day. The locality is thought to be an old battlefield of days of yore.

The total number of Japanese who left different plantations of the Garden Island for Honolulu during the last seven weeks reached about six hundred. It is reported that the steamer Hall brings into Honolulu about 150 Japanese laborers each trip from Hawaii and Maui ports.

M. W. Bergau, a popular young man well known as the former Deputy

LAHAINA TEAM LOST AFTER HARD FIGHT

Waialuku, July 25.—The Lahainas have come and gone and have taken their defeat like good boys. The Lahaina nine met the Waikapu at Well's Park Sunday, July 20th, and at the end of nine innings the Waikapu were victorious, the score being 13 to 4.

The grand stand and the grounds were crowded with spectators eager to see the home team play with the brave fellows from far-off Lahaina. Espinda pitched a good game for the Breadfruit town, while Willie Searle of Kihel tossed for the Waikapu.

Soon after the second inning, it was evident that the home team would win, but the sturdy young Lahainites never for a moment lost courage. They hoped for victory even up to their last man. Although defeated, the Lahainas have not lost courage, as they fondly hope that some day the honors will be reversed. Such spunk is praiseworthy, and Wells' Park is open for them to try conclusions again with any of the home teams.

DANCE ON THE VILLARD.

Waialuku, July 25.—There was a very pleasant dance on board the American ship Henry Villard at Kahului bay Monday evening, July 21. There were present many ladies and gentlemen from Kahului, Spreckelsville and Waialuku. The dance was given on the vessel's deck and those who participated in the evening's gaieties declared the dance a great success.

R. W. Filler, superintendent of the Kahului Railroad Co., lit up a big bonfire on Kahului beach in honor of the occasion just to show the captain and officers of the Henry Villard that he, too, enjoyed the evening's fun.

Sheriff of Hanalei district, has accepted a position in Lihue plantation as the manager of its branch store at Hanalei, where S. Sheba resigned to establish himself as a general Japanese agent of Kailua.

WIRELESS UNDER WATER.

Paris, July 19.—There was a successful test at Cherbourg today of the application of wireless telegraphy to submarine torpedo boats. A mast with receivers was fitted to the submarine boat Triton. The vessel diverged and received signals from the central submarine station clearly.

August von Ende, a pioneer German resident of Wisconsin, is dead. His grandfather was a German nobleman whose estates were confiscated during the Napoleonic invasion.

CHEFFEE'S NEW POST

WILL LEAVE PHILIPPINES
THE LAST OF SEPTEMBER

SCHEDULED FOR COMMAND OF THE DEPARTMENT OF THE EAST—GEN. GEO. W. DAVIS—IS TAKES HIS PLACE.

Washington, July 14.—General Chaffee has been relieved of the command in the Philippines and ordered to the command of the Department of the East, by an order issued today by Secretary Root. The order is as follows:

"By direction of the President, Major General George W. Davis will relieve Major General Chaffee of the command of the Division of the Philippines September 30, 1902. On being relieved, Major General Chaffee will, with his authorized aid, repair to Governor's Island, New York, and assume command of the Department of the East."

A few days ago General Chaffee was cabled that he could have command of either the Department of the East or the Department of the Lakes, if he desired to come home at this time. He was informed that the retirement of General Brooke afforded an opportunity of making either change he desired. The cablegram closed with a commendation by the Secretary of War of General Chaffee's services in China and the Philippines.

A reply was received Saturday from General Chaffee stating that he left the matter entirely with the Department, but that he would prefer New York in case he was relieved in the Philippines. He suggested that September 30th would be a good date to make any change in the Philippines. These dispatches were sent to President Roosevelt at Oyster Bay, who consulted with Secretary Root, and the Secretary directed the order to be issued relieving General Chaffee and placing General Davis in command.

General MacArthur has been asked to take command of the Department of the East when General Brooke retires, until he can be relieved by General Chaffee.

ON CORONER'S JURIES

Attorney General Dole has rendered the following opinion regarding persons who shall serve on Coroner's juries:

Territory of Hawaii,
Office of the Attorney General,
Honolulu, H. I., July 25, 1902.
Mr. A. M. Brown, High Sheriff of the Territory of Hawaii.

Dear Sir:—I am in receipt of your request for my opinion "whether a person not an American citizen is for that reason exempt from duty as a coroner's juror."

Section 974 of the Penal Laws of 1897 provides that the coroner in case a coroner's inquest becomes necessary, shall summon "six good and lawful men of the district." The phrase "good and lawful men (liberes et legales homines)" has been used and has had a recognized and established meaning in English law for nearly a thousand years. It does not refer to the moral character of the men, but to their legal qualifications for the discharge of civil functions. Coroner's jurors have functions prescribed and defined by law; they are required to take an oath of office, and they receive statutory fees for their services. Although there is nothing in the Organic Act or in the laws of the Territory expressly declaring that a coroner's jury must be composed of citizens of the United States and of the Territory, I seriously doubt the right of the coroner to compel any one who is not a citizen to serve; in other words, I think it is at least extremely doubtful whether a person who is not a citizen is a "good and lawful man of the district" within the meaning of the law.

Very respectfully yours,
(Signed) E. P. DOLE,
Attorney General.

PLUMBING AS AN ART

BATH'S PLUMBING ESTABLISHMENT.

Interior View: Located at 165 King Street, opposite Young Building.

MR. E. R. BATH was formerly located on Richards street, but on account of a rapidly growing business was crowded out there, and now has fitted up one of the most modern and finely appointed show rooms and shops in the islands.

A large force of experienced men is employed, and Mr. Bath has had many years' experience in the plumbing business.

A full line of the world-famed Douglas Closets are carried, which are provided with either high or low tanks, as seen in the cut, and are as near noiseless in their operation as closets can be made. They are constructed on the syphon principle, which makes a strong suction that thoroughly washes the bowl. These closets are sold under a written guarantee, and are also guaranteed against leakage, no charge being made for repairs.

A line of rolled-rim enameled Bath Tubs are on hand, as well as open lavatories. These are highly Sanitary Goods, and the connections are nickel, making them artistic in appearance.

One of the latest Improved Wash Trays may be seen on exhibition. These goods are all connected with the city water mains and may be seen in full operation at the store. The public are invited to call and make inspection of these goods.

Mr. Bath will call and give figures on work at any time. He also gives all work intrusted to him his personal supervision.
